

## Student Aid Index

An eligibility index number that determines how much financial aid you would receive if you attend the school.

## Cost of Attendance

Your COA is not a bill; it is the estimated amount it will cost you to cover living and educational expenses for the designated terms. If you are a Main Campus graduate student who will need funding in excess of this number, please complete a Graduate Cost of Attendance form, available on the Home tab of your Financial Aid Dashboard.

Net Cost

\$48,943.00

This is the amount you'll be paying for college before any self-help (student loans, student employment, etc.) aid. This value is your Cost of Attendance (COA) minus any grants and scholarships.

## Options to Pay Net Cost

# Loans

Borrowed money which you are responsible for repaying with interest (<https://studentaid.gov/understand-aid/types/loans/interest-rates#rates>) ">. The U.S. Department of Education pays the interest on Federal Direct Subsidized Loans while you are enrolled at least half-time. Because interest that accrues on Federal Unsubsidized and Federal PLUS Loans is added to your outstanding principal after you graduate or drop below half-time status, we encourage students to consider paying the interest on these loans while enrolled. To do so, contact your loan servicer.
