Instructions

Review all information on this award notice, including the Terms and Conditions on the back, as well as any enclosures provided and keep copies for your records.

Please log in to your CAESAR account and click on the Financial Aid tile. From here you can access the Accept/Decline Financial Aid screen to accept, reject or reduce your Federal Student Loans or Federal Work-Study offered to you.

Report any additional aid or resources not listed above by emailing our office at financial-aid-chicago@northwestern.edu. Additional resources may require an adjustment to your award.

You must reapply for loans each academic year.

Terms and Conditions

You have rights and responsibilities as a recipient of financial aid. Read a full description of these rights as well as other consumer information on the Northwestern University website at <http://www.northwestern.edu/sfs/about/consumer-information.html>

Federal and State assistance is subject to funding availability.

All loans are subject to final approval based on criteria set forth by Federal Regulations and the Fair Credit Reporting Act.

Northwestern University Scholarships are funded through various sources including donor supported endowed scholarships.

You must report any additional aid or resources not shown on this Award Notice immediately upon hearing of such assistance and your aid may be adjusted as a result.

Upon accepting your award on CAESAR you have the option to authorize Northwestern to credit the financial aid, including Title IV assistance, against charges on your student billing account. Your account might include charges other than tuition, fees, room, and board. These charges might include, but not be limited to, library fines, parking fines, room damage charges, and health services fees.

Upon accepting your award on CAESAR you also have the option to authorize Northwestern University to release information on your academic activities and achievements to scholarship programs and designated donors for the purpose of allowing yourself to be considered for financial assistance. Northwestern University would also have the authority to inform a given donor that you are a recipient of funding from that donor.

Important Messages

You must complete both a Subsidized/Unsubsidized and a Graduate PLUS loan Master Promissory Note, as well as Entrance Counseling, at studentaid.gov. It is very important that you check your To Do List in CAESAR for more specific instructions and to determine if you need to complete any other loan documents. Your Unsubsidized Direct loan eligibility is split into two separate loan amounts. The Fall-only loan amount is to cover the cost of university health insurance and the larger loan is to assist with covering all other expenses. Students should accept all Unsubsidized Direct loan funding before accepting any Graduate PLUS loan funding.
