

Financial Aid Award Letter – Pending

I am an admitted student to the LL.M. program at Georgia State University. I have completed the FAFSA application and submitted all required financial aid documentation as part of the university's financial aid process.

At this time, I have not yet received an official Financial Aid Award Letter from Georgia State University. According to the university's financial aid timeline for graduate and LL.M. students, award letters are issued at a later stage after admission and processing are complete.

This statement is submitted in place of the official Financial Aid Award Letter, which will be provided as soon as it becomes available. Thank you for your understanding and consideration.

Sincerely,

Willhelene Adelheide White

LL.M. Student (Admitted)
