Federal and State assistance is subject to funding availability.

You must report any additional aid or resources not shown on this Award Notice immediately upon hearing of such assistance and your aid may be adjusted as a result.

Upon accepting your award on CAESAR you have the option to authorize Northwestern to credit the financial aid, including Title IV assistance, against charges on your student billing account. Your account might include charges other than tuition, fees, room, and board. These charges might include, but not be limited to, library fines, parking fines, room damage charges, and health services fees.

Upon accepting your award on CAESAR you also have the option to authorize Northwestern University to release information on your academic activities and achievements to scholarship programs and designated donors for the purpose of allowing yourself to be considered for financial assistance. Northwestern University would also have the authority to inform a given donor that you are a recipient of funding from that donor.

Important Messages

Your Unsubsidized Direct loan eligibility is split into two separate loan amounts. The Fall-only loan amount is to cover the cost of university health insurance and the larger loan is to assist with covering all other expenses. Students should accept all Unsubsidized Direct loan funding before accepting any Graduate PLUS loan funding.

Your financial aid award includes a Federal Direct Grad PLUS Loan. Note, the net amount received for this loan is less than the total amount borrowed due to loan origination fees.
